

The Delaware Reef Club seeks to promote a better understanding of the marine aquarium inhabitants we keep in order to promote their longevity and propagation. Only through education and the sharing of ideas can we expect a future for our hobby.

As a sponsor of the DRC, you will receive the following benefits; a dedicated board on the club forum discourse.delawarereef.club, an exclusive opportunity to sell your goods at one of our member meetings, exclusive sponsor privilege to market your business on our facebook page (non sponsors strictly prohibited), promotion of your services by our officers, and reduced table fee at our annual vendor coral show and hobbyist frag swap.
